DECLARATION CORRECTING RACIAL CLASSIFICATION

This declaration dated _____, is in response to all individuals, (NAARC) National African American Reparation Committee RE: H.R. 40 (This bill establishes the Commission to Study and Develop Reparation Proposals for African Americans. The commission shall examine slavery and discrimination in the colonies and the U.S. from 1619 to the present and recommend appropriate remedies), **A BILL:** *"To address the fundamental injustice, cruelty, brutality, and inhumanity of slavery in the United States and the 13 American colonies between 1619 and 1865 and to establish a commission to study and consider a national apology and proposal for reparations for the institution of slavery, its subsequent de jure and de facto racial and economic discrimination against African-Americans, and the impact of these forces on living African-Americans, to make recommendations to the Congress on appropriate remedies, and for other purposes",* the Reverend Jessie Jackson, and the Reverend Al Sharpton. These individuals, appointed committees and organization(s) do not represent me or my children under the age of 18 years old.

All established committees, groups, organizations from the past, present, and future seeking reparations for crimes and reports of slavery for those people classified as: Coloreds, Negros, Mulattos, Afro-Americans, Blacks and African Americans, within the United States and The United States of America do not represent myself or my children. We never signed petitions, contracts, or any legal documents for their representation nor are we members of the 501c3 Organizations. This declaration represents myself and my family as outlined on **page 4 of this document**.

This declaration does not representation for "Africans", "Black European" descendants and Blacks claiming to be of Noble European descent representatives of King James and Queen Elizabeth in the 1600s up to and including this date.

Due to the colonization of the land area commonly known as the Western Hemisphere, more specifically; North America and the surrounding Islands. My family and I are the "copper-colored races and/or Aboriginals/Indigenous People/American Indians of these lands have been systematically gentrified and mis-classified as descendants of black racial groups associated with Africa i.e.: Coloreds, Negro, Mulattos, Afro-American, Black, and African American. We are the Indigenous People as it pertains the United Nations Declaration on the Rights of Indigenous Peoples (UNDRIP). We retain **all** of our rights as the true indigenous people of North America. We are not "Moors", "Jews", "Hebrew Israelites", "African Americans", or the newly founded organization "Foundational Black Americans" (FBA). We have no affiliations with those organization, nor are we a kick-off of those organizations. We are not a religious organization nor are we a "racist cult group". We are a humble people seeking to grow into a positive sovereign Nation, to educate our people of their true identity, rather than the false historical education that was established by many 501c(3) Organizations who continue to undermined our people and people all over the world regarding our true history in America via its educational systems across the Americas, State Historical Societies, and founded African-American Organizations, and the many Religious Organizations overseeing the civilization and colonization of our people. There have been countless wars, crimes and other atrocities committed against our people that need to be redressed and corrected by the United States

governing body including but not limited to identity correction, land appropriation that is held in trusts, and the right to humbly self-govern. Therefore, I am declaring my true racial classification with is American Indian/Indigenous to North America.

All so-called people with “brown skin” in the Americas are not descendants of Africa. We are certainly not those descendants. As American Indians, the misclassification of our identity i.e., Colored, Negro, Mulatto, Afro-American, Black and African American is the result of social programming and indoctrination and is not and will not be accepted by myself or my children in any manner whether it be personally, socially, politically, or legally. Any attempt to continue such reckless behavior will be seen as a "Conspiracy to Commit a Fraud", “Identity Theft” made by foreigners, a “Hate Crime" and “Defamation" against me and my family. The United States Corporation of America, its Nation States, Affiliates, and Sponsors have committed many sorts of crimes against my ancestors of this land without as much as one warning for the killing, rape, lynching, displacement, and scientific experiments. The list of immoral and criminal activity is almost too long to imagine and there must be an accounting and remedy.

The *majority* of “White African and European” descendants in the United States of America believe that American Indians mis-classified as “Black and African Americans” were all brought here on slave ships by Europeans not realizing that we were here long before their ancestors arrived in North America, and the only reason that they believe the false narrative is because of the great effort to cover up factual history through the United States of America’s Educational Systems, the News Media and television entertainment. Our ancestors were threatened and lynched if they passed down their true identity as the Indigenous people/American Indians. Rather, when they were forced off their Northern and Southern lands, they were “forced” to identify themselves on all paperwork, applications, forms developed by many corporations established by foreigners within and under the United States of America: Coloreds, Negros, Mulattos, Afro-Americans, Black and currently African Americans. We will no longer hide under those false racial classifications as a people. We are American Indians – indigenous the Americas.

There are millions of acres of land held in trust by the governing bodies of the Americas that are the birthright of the “Copper-Colored North American Indians” of the land and we demand that such land be returned in good faith and without obstruction, harassment, or oversight. Since the “Copper-Colored North American Indians” have been systematically removed and gentrified from their lands by fraudulent practices and intimidation, we feel it would be in the best interest of all involved to give back our land and allow us to live in peace.

We as the “Copper-Colored North American Indians/Indigenous People” being of sound mind, body and spirit reserve all rights to humbly **self-govern** to the best of our ability without the need for regulation, obstruction, oversight, or harassment from the governing bodies. We will operate as civilized, humble, and responsible people with no intentions to overthrow, cause havoc or issues toward the Federal Government, its affiliates, the Five Federally Recognized Tribes, or any other federally recognized groups established within any of the territories of the United States of America.

(Man, Woman or Child) under any circumstances. Be it known that this committee is in violation of our Civil Rights and Liberties and have falsely identified actions and crimes done to our ancestors "The American Indians/Indigenous" People of North America. They have falsely inserted "African" and "African-Americans" in the proposed bill/study as though these crimes have happened to them. These people are foreigners to the North American Land mass and are not within their rights to receive the Reparations due to the Indigenous peoples of North America. Due to the undermining submitted by this formed committee, we are hereby demanding that this study be for our ancestors and not for African Americans and that they are charged with Fraud and Identity Theft.

We are demanding that all groups, including many African-American founded 501c(3) organizations, committees, Local States Educational Systems are charged with falsely removing our Ancestors identity and replacing it with the terms: Colored, Negros, Mulattos, Afro-Americans, Blacks, and "African American" regarding our American Indian History. This has destroyed and poisoned the minds of our innocent children across America. These organizations and States have erased our Ancestors history and deleted, updated, and revised what happened to our ancestors and replaced it "black" and "African American" to reflect that it has happened to the descendants of Africans. This is false information, and they should all be charged with undermining Congress and the United Nations immediately.
