DECLARATION TO DECLARE MYSELF and MY FAMILY'S RACIAL IDENTITY AND RE-ESTABLISHING OUR NATURAL RIGHTS via THE UNITED NATIONS DECLARATION ON THE RIGHTS OF THE INDIGENOUS PEOPLES (UNDRIP/ADRIP) ON THE NORTH AMERICAN CONTINENT AND IN THE UNITED STATES OF AMERICA

This Declaration dated _____ is in response to the intrusion, killing, indoctrination through the United States Of America's Educational Systems, forced migration/assimilation/integration due to surrendering of ongoing wars and the many forced identity re-classifications of my ancestors race identity within the United States of America: (Indians, Coloreds, Negros, Mulattos, Afro-Americans, Blacks, African-Americans) over a period of four or more centuries.

My family and I are hereby declaring our true "race identity" which is "American Indian" as it pertains to the UNDRIP and United States Constitution (Article 1 Section 2 Clause 3 - Indian not taxed). This Declaration pertains to myself, and my direct descendants/siblings as outlined below:

NAME & (Relationship)	ADDRESS	TELPHONE

My ancestors (American Indians) were forced to identify as colored, negros, blacks, in order to stay alive during the Indian wars here on the continent of North America. Our true identities were washed away as if we never existed and replaced with the false race identities mentioned. Your educational institutions (public schools, private schools, colleges, and universities) teach lies that my ancestors all died of diseases such as the "Spanish Flu". That's not true. We are their descendants, and we are alive today hiding under the false racial classifications noted by your census enumerators.

DECLARATION TO DECLARE MYSELF and MY FAMILY'S RACIAL IDENTITY AND RE-ESTABLISHING OUR NATURAL RIGHTS via THE UNITED NATIONS DECLARATION ON THE RIGHTS OF THE INDIGENOUS PEOPLES (UNDRIP/ADRIP) ON THE NORTH AMERICAN CONTINENT AND IN THE UNITED STATES OF AMERICA

When my family was forced assimilated within the United States of America as a citizen, they were forced to change their race identity several times and were not allowed to identify as who they truly were (American Indians) of the North American continent.

Due to the colonization of the land area commonly known as the Western Hemisphere, more specifically; the North American continent and the surrounding Islands, the Indians of these lands have been systematically gentrified and mis-classified as decedents of black racial groups associated with Africa i.e.: Mulattos, Negros, Coloreds, Blacks, Afro-Americans, and African-Americans. Therefore, my family and I retain **all** of our rights as the true first people of North America. We are not a racist cult family/organization. We are a humble people seeking to educate our people of their true identity, rather than the false historical education that was established by the United States of America via its educational systems across the Americas and the many religious organizations overseeing the civilization and colonization of our people. There have been countless wars, crimes and other atrocities committed against our people that need to be redressed and corrected by the United States governing body including but not limited to identity correction, land appropriation that is held in trusts, travel, the return of artifacts and the right to self-govern.

Article 1: All so-called "black" people in the Americas are not descendants of Africa. This mis-classification of our identity i.e., Colored, Negro, Mulatto, Black and African-American is the result of social programming and indoctrination and is not and will not be accepted by my family in any manner whether it be personally, socially, politically, or legally. Any attempt to continue such reckless behavior will be seen as a "Conspiracy to Commit a Fraud", "Identity Theft" made by foreigners, a "Hate Crime" and "Defamation" against my family. The United States of America, its nation states, affiliates, and sponsors have been committing many sorts of crimes against my family and my people of this land without as much as one warning for the killing, rape, lynching, displacement, and scientific experiments. The list of immoral and criminal activity is almost too long to imagine and there must be an accounting and remedy.

The *majority* of "White and Black Africans and Europeans" descendants in the United States of America believe that the North American Indians mis-classified as "Blacks, Coloreds and Negros" were all brought here on slave ships by white men not realizing that we were here long before anyone immigrated to the North American continent. The only reason that they believe the false narrative is because of the great effort to cover up factual history throughout the United States of America's educational systems, the news media and television entertainment. Our ancestors were threatened and lynched if they publicly passed down their true identity as the American Indians to their descendants. Rather, when they were forced off their farming lands into the United States of America, they were "forced" to identify themselves on all paper-work, applications, forms developed by many corporations established by foreigners within and under

the United States of America as Coloreds, Negros, Mulattos, Blacks and currently African-Americans.

Article 2: There are millions of acres of land held in trust by the governing bodies of the United States that are the birthright of my ancestors of the land, and we demand that such land be returned in good faith and without obstruction, harassment, or oversight. Since my family has been systematically removed and gentrified from their lands by fraudulent practices and intimidation, we feel it would be in the best interest of all involved to give back our land and allow us to live in peace.

Article 3: My family is from the soil of the Western Hemisphere more specifically North America being of sound mind, body and spirit reserve all rights to *self-govern* to the best of our ability without the need for regulation, obstruction, oversight, or harassment from the governing bodies. We will operate as civilized, humble, and responsible people with no intentions to overthrow, cause havoc or issues toward the Federal Government and its affiliates.

.

Article 4: The North American Indians of what is commonly known as the Western Hemisphere/North America reserve all rights to travel anywhere and anytime of our choosing within the Western Hemisphere without obstruction, harassment, corporate identification, or citizenship of any state sponsored territories.

Article 5: My ancestors and I were subjected to what is commonly known as paper genocide or paper terrorism by the United States of America, local governing bodies, and their affiliate Masonic partners/orders. For example: policy writers/enforcers, State and Local Vital Statistics Offices policies and other corrupt actors. We will no longer accept your aggressive and in most cases detrimental paper/computer rulership as those laws formerly enforced by Walter Ashby Plecker's - 1924 Racial Integrity Act – Identity classifications, etc. as specifically outlined above. We will no longer hide our identity due to former threats imposed on our ancestors.

Article 6: Every North American Indian (man, woman, or child) have a natural right to protect themselves under any circumstances.

Article 7: Every North American Indian (man, woman, or child) will not be enumerated, taxed or brought into any other judicial or administrative body other than a North American Indian council.

Article 8: The North American Indians (man, woman, or child) are **not** part of any so-called "sovereign citizen established groups/religions, etc.", "extremist", "cult", "religious group"; "racial hate groups" or negative movements of any kind. We are a humble people and have no desire to erupt havoc against any person or persons/citizens under the United States of America.

Article 9: The following leaders and organizational groups (Jessie Jackson, Al Sharpton, Black Lives Matters, Louis Farrakhan, former President Barack Obama, Martin Luther King's family members, or any religious leaders not known in the future) are not Representatives for family under any circumstances. We are individually and as a whole representative of ourselves at all levels.

Article 10: My family and I are of sound mind and hereby agree to this Declaration of our own free will, and list our names, home addresses, and telephone numbers.

Article 11: To the President (past and future) of the United States of America, all Governors, Mayors, Senators, Representatives, Congressmen, Congresswomen, Selectmen, and Selectwomen, State Motor Vehicle Departments (all states offices where race is requested on all forms and applications) including the Department of Social Security Offices within the 50 States of the United States of America: We will begin the healing of our nation by visiting all local towns, state offices, vital statistics offices to correct our birth certificates, marriage certificates, etc. to reflect our true race which is the Aborigines/Indians of North American continent.

Article 12: To the President (past and future) of the United States of America, all Governors, Mayors, Senators, Representatives, Congressmen, Congresswomen, Selectmen, and Selectwomen: Although we are truthfully the Original/Aboriginal Indians of North America (based on primary sources such as official records and documents, legal dictionaries, encyclopedias, state policies, state laws, federal laws, supreme court decisions, and case law that directly affected our people, many of us are not affiliated with the Five Federally Recognized Tribes (Cherokee, Choctaw, Chickasaw, Seminole, Creek-although many of our ancestors were erased out of those tribes and replaced by many foreigners claiming to be Indians). Therefore, we do not wish to be a part of those foreign-developed tribes created by the United States of American. We reserve the right to form our own resourceful tribes/nations whether it's an individual family tribe and/or nation and/or a rightful individual North American Indian status.

Article 13: To the President (past and future) of the United States of America, all Governors, Mayors, Senators, Representatives, Congressmen, Congresswomen, Selectmen, and Selectwomen, all news media channels/stations, radio stations, all educational institutions, colleges and universities, all 501c3 Organizations, and Better Business Bureaus: We demand that you cease and desist from identifying our people as "Blacks and African-Americans" during your public and private news stations, radio stations, television stations, movie stations and settings. We see those name labels as false identifiers of our people. If you continue to do so, further action and penalties will be exercised to the fullest extent of the law as outlined in the UNDRIP including financial remedies.

Article 14: To the President (past and future) of the United States of America, all Governors, Mayors, Senators, Representatives, Congressmen, Congresswomen, Selectmen, and Selectwomen: Although our ancestors assimilated into/under the United States of America as

citizens, we will continue to maintain our rightful "Indigenous Status and Rights" to North America as outlined in the UNDRIP. Our ancestors did not migrate to North America on slave ships from Africa. We are the Indigenous people of the continent North America and were overthrown by this Government, Spain, the British and French Empires militia. Our ancestors fought in wars both in favor and unfavorable over our beautiful land. We will no longer identify ourselves as Blacks, African Americans, Negro, Mulattos or Coloreds as our ancestors assumed those names based on threats of violence, being hung by racist groups of the northern and southern parts of the United States, Walter Ashby Plecker's abuse of power as State Registrar in Virginia who persuaded the 50 states to follow his initiatives and most recently Mr. Jessie Jackson's personal recommendation in the 1980s (we signed no petitions or documents for his recommendation nor are we members of his religious organization(s)/groups. Therefore, we have a right to individually choose as a people whether to maintain or withdraw our citizenship within the United States of America and maintain our Aboriginal/Indigenous status on the continent of North America as outlined in the UNDRIP.

Article 15: To the President (past and future) of the United States of America, all Governors, Mayors, Senators, Representatives, Congressmen, Congresswomen, Selectmen, and Selectwomen: We are a peaceful and humble people and will continue to educate our children and grandchildren, families etc. regarding our history. We will establish our resources: newspapers, educational centers etc. for our people in an effort to begin the healing process of our people from this long-held, covered-up information due to past, harsh threats, wars, etc. as outlined above.
